

## RESURRECTION

### CRYSTALAI

[cosmicdolphinmagic.ning.com](http://cosmicdolphinmagic.ning.com)

(Teachings of the Cosmic Mystery School of the Omniverse)

RESURRECTION is Song #2 on the new JOY ALBUM. It is playing now on the Main Page. Please come listen to this song and many other samples of Frequencies that have been a part of the alignment of our New Earth into the new Cosmic Trinity of our new reality.

The Priests of Ur and the Elohim from Gaia, along with the Maharaji from Sirius B have been working on this Cosmic Plan of Ascension for thousands of years.

More recently, the Promise of our Mass Ascension was announced officially in 1991 and finalized in 1994 by our Guardian Races. 1994 was the year that the Guardian Races began guiding us in our understanding of this Promise. We really had no idea what they were talking about or what we were being guided to do until the past five years, when it all became very clear to us. We have been guided to write songs for the fifteen years. And each and every song was a part of the story of what has been happening on Earth for the past 550 million years. 1994 began with the PROMISE album and the RESURRECTION album. This Easter, 2013, is the resurrection of those albums and the new understanding of what they meant, all along.

The story was always about the 12 morphogenetic field signatures from the 12 planets representing the 12 universes realigning by 2012, which would allow the 12 DNA sub harmonic templates to be replaced in the Sphere of Amenti within Earth's Core. This was one of the final steps of the mission that started in 1367B.C. when Akhenaton was endowed with the 12 DNA morphogenetic sphere of Amenti to use in ascending the tribes through Giza. That plan was destroyed through Akhenaton's favoritism toward the Anny and his prejudice toward Serres-Egyptians.

The Priests of Ur and Elohim had to create a new plan to prevent the prejudice factor in Ascension. Ascension was to be available to all 12 tribes. The arc of the Covenant and Sphere of Amenti were locked until that time presented itself.

The next plan of returning the races ability to ascend through the sphere of Amenti by 2017 was established by sending a 12th level avatar. Jeshua-Melchizedek Avatar12; who was to realign the sphere of Amenti and the Alcyone Morphogenetic field and to bring together the factions within the Essenes.

Under the direction of the Azurite s of Ra Confederacy in 12 B.C., the 12th level avatar from Tara was born in Bethlehem. This soul essence was a harmonic universe four avatar-Sananda. He was born to the house of Solomon under custody of the Priests of Ur. His birth through the portal passage of the Arc of the Covenant would open that portal between Earth and Tara to allow the Ascension in 2017.

Jeshua 12 reintegrated the Melchizedek morphogenetic field in Alcyone into the Sphere of Amenti. This was done to realign Earth's density 2 Morphogenetic field that had lost its integrity under Akhenaton reign.

Jeshua 12 was the savior for the races as a result of his birth the Halls of Amenti could be opened, and preparation for 2017 would begin.

(Note that Jeshua 12 was born to an Blue Flame Essenes Melchizedek Mother and Father . His mother was Jeudi and his father was Joehius.

His life story was mixed up with the story of a 9th Level Avatar born to Joseph and Mary who were ET Nephilium.

Neither of those births were Immaculate. They were extraterrestrial. Neither of the Joshua's were crucified. The crucifixion story was created by the Elohim to protect the Avatars. The man Arihaba was a look alike who was crucified, to allow the Avatars to Flee the country and have their children as planned. Arihaba was crucified as a holographic movie created by the Elohim. The man actually was allowed to Ascend as a reward for his mission.

Jeshua 12 did his teachings and healings in Egypt 8A.D-21 A.D. Jeshua 9's teachings were much more popular than the absolute Essenes teachings of Jeshua 12's Law of One.

It was the teachings that were lost and hidden from Earth until now. They are the teachings of the true man who was always supposed to have the 12 DNA sub harmonic frequencies who could ascend to harmonic universe four as a 12th level avatar. This Jesus taught all of his students that they could do all of these things that he spoke of. He taught this Science of Reality then and it is being taught again Now. The man that was created in the 12 DNA divine blue print - the image and likeness of God. That God meaning the Raceline of Tara and Gaia. There were many other raceline that did not have the 12 DNA divine blue print. This man was created through the breath of Source and the idea manifested as Cosmic Consciousness and lowered in density into the Galactic and Solar planes. This man has always had the same Soul as the one in the harmonic universes four, three and two. We are that Soul that was once a Star in the Universe. We were created to have Eternal Life and to return to Source. It was these teachings that were lost and hidden from Earth until now.

They are the Divine Science teachings regarding the Real immortal man or the Human Angelic Race line who has 12 DNA sub harmonic frequencies. This is the real man who can ascend to Tara and Gaia and beyond. This is the man who can orb, levitate, manifest and ascend.

Jeshua has returned to Earth once more to help us out. But, they aren't the only ones. There were 12 Avatars born on Earth over the past 12 years. Avatars born with 5DNA, 8DNA and even 12 DNA activated at birth. We have had 144,000 star seeds born to hold us through the first wave of 2017 and a second group of several thousands to hold us through the second wave of 2022.

These Star seeds were the Indigo Shield of Solomon. They were the completion of the Seeding of Christ of Earth. The Jesus Christ that is worshiped as the only one is actually only one of the many Christ's who have been born on Earth. Now there will be an entire planet of Christ's activated on Earth through the Earth's grids.

The seeding of the Star Seeds, the activation of the Sphere of Amenti, the alignment in 2012 were all the last stages of the preparation for the activation of the Earth's Grids which will once again restore the Christ activations into the bioenergetics fields of our body's templates.

The period of 2013-2017 will activate the 5DNA in the Masses, 6 DNA in the many, and 8 DNA in a few

The star seeds were required to finish the mission started by Jesus 12 and Jesus 9. We needed the Christ template of 12 DNA template activated for each of the 12 star systems, each of the

12 planets. We needed to be realigned with Sun Alcyone. We needed a massive amount of Frequencies restored to Earth for this Ascension to activate by 2017.

These Star Seeds and Indigo Children and Avatars born on Earth are the RESURRECTION AND THE LIFE. The Resurrection story of Jesus was actually a role played by a man named Arihabi and orchestrated by the Elohim's creating holograms to create the scene. That is the story that is being celebrated on this Easter Day on Planet Earth. The Elohim needed to that for that time. But now is time for us to know the truth.

The Two Jesus Christ's came to Earth as Star Seeds from other planets. Their parents were not from Earth. The Star seeds born on Earth over the past 12 years were births arranged secretly between the parents and the Guardian Races. Those children's were watched over by the Priests of Ur and other Guardians. Each child born had many back up plans awaiting if it were needed.

The Ascension Movie that has been taking place on Earth over the past several thousands years is huge. This is just a tiny speck of what has taken place.

The most important fact to know now is we are not to worship one man as the Christ. The star seeds, the Indigos, the human angelics, the entities on Earth activating these frequencies of 12 coded divine blue print on Earth are all the Christ's of our New World.

We all have the equal right to sing:

"I am the Resurrection and the Life. He that believeth in me shall never die."

We are the star seeds who have returned the Christ template of 12 DNA sub harmonics to Earth.

All of the births of the star seeds opened star portals, raised frequencies of Earth to allow this miracle and implanted the frequencies back into the sphere of Amenti to begin the projection into Earth's grids and into the biosphere and bioenergetics templates.

CRYSTALAI (2013)

(Teachings of the Cosmic Mystery School of the Omniverse)

PRINCIPLES OF MANIFESTATION

CRYSTALAI (2013)

[cosmicdolphinmagic.ning.com](http://cosmicdolphinmagic.ning.com)

(Teachings of the Cosmic Mystery School of the Omniverse)

In order to manifest a new idea, we must go beyond the boundaries of everything that we already know exists. The mind of God will allow anything to become instantly manifest in our reality field when we ask to create something that exists outside of the reality field of the world that only exists within our personality.

When we choose to create a new idea, it must come from infinite unknown - the All Seeing, All Knowing, Omnipotent Mind of the One Eternal God. If the idea being created doesn't originate from this one Divine Source, it isn't a new idea. If it isn't a new idea, it has already been created. It is already in the world of concepts. It is already being recycled over and over again. God doesn't create from recycled energy. God creates from Brand new energy that

comes from the Brand new Idea of Infinite Imagination.

The new ideas first exist in the subatomic structures. These invisible, quantum ideas must be created in the highest realm and then they can exist as atomic structures that form into visible light and take form in the hertzian and infra red levels of manifestation.

All creation begins at the ultra fine zero point frequency level of the Divine Source breathing the idea into the Cosmic realm. This ultra fine omni particle shimmers and sparks into a frequency that becomes a plasma cloud. This cloud shifts into the field of all potentials. The potential of the idea remains in the fabric of the mind of God. That fabric is woven into the idea that becomes manifest at all levels of light and sound.

That idea becomes the negative of the film that will become processed in the mind of God. So each thought that manifests is created exactly like a film that is processed into a picture album or a movie. When we co-create through the mind of God, we are making God's movie. That is what we will begin to do in 2013. The world will end. That movie called the world was not God's movie. That movie was made by liars that kept us from seeing the reality of God's movie. We have just been watching other people's movies. The movie made by God comes from the co-creative activity of our own mind of God within us. Our Souls and our Mid Brain hold the technology that will create the movie made from the mind of God. That is how the world will end. We will soon discover that all of the lies we see being reproduced by the film of the world has been an out right lie. We have not yet seen reality as of the year 2012. Reality will truly appear in 2013.

We must become humble enough to allow something to come forth that we do not know anything about. We must be willing to allow a brand new reality to appear. We cannot create a NEW WORLD until we completely dissolve the old one. The World must End. It must become transmuted into a higher frequency. We must be relocated into a new time, a new reality. We must be relocated to the time in which all that has come before all that is and all that will come after was created in the mind of God. All that exists is the divine blue print of the film from God's Movie --not the man made movie of the world.

The film that carries the new movie must be processed in the mind of God which is the infinite unknown, omnipresent, omnipotent, omni knowing, Consciousness which fills infinity. This infinite all knowing lies outside of the boundaries of our present knowing. We have not yet allowed for it to manifest in our lives.

When the idea is given to God to manifest from the unlimited knowingness of all that can be, the idea will bloom forth in a form so glorious, so unimaginable, so wonderful, that you will know that it came from the mind of God. If the manifestation is not so glorious that you know that maybe it was not an original idea from God, it is simply an idea that you are recycling out of old ideas that you once heard of before.

The ideas that are now manifest must come from a stream of consciousness so brand new that the idea has always existed from before the world began, before the cosmos began, before time began. The idea must come from ALWAYS WAS, ALWAYS IS and ALWAYS WILL BE. This idea must be an ETERNAL IDEA.

THE GLORIOUS END OF THE WORLD

Our world will end as we are transformed forever through one inhale from the mind of God. This mind of God includes all of the realities and wisdoms and creations and dominions that have existed before us and after us. We can now access all of that reality as it is transformed into a brand new wisdom, a brand new reality that has never existed before. It has never existed before, because we have never co-created with the mind of God before. We will exist within an incredible wonder, a magical imagination, an infinite participation within the nature of God. We will be invited to play in the outer band- the realms beyond the 15th sphere, where only god's are invited to play and create within the infinite unknown playground of creation. The outer band of creation is infinite in its possibilities. It allows each individual to create within individual freedom all that is individually known within his own realm. This individual creation does not need to be woven from the dreams of others. There is enough room in infinity to fill rooms with mansions of realities that contain more rooms with mansions of realities that are so vast with new ideas that there is no reason to search outside of oneself for fulfillment, entertainment, interaction or competition. Each moment will be completely filled with instantly manifesting a new idea.

When we begin this co-creation we do not need to see the ideas as pictures, we only need to train our brain to utilize frequencies. When we can stretch our consciousness into the Frequency of the Mind of God, it is that frequency that holds the infinity of ideas that can manifest within our perceptual realm. Our perception changes in frequency when we shift into our mid brain which is frequency specific. All manifestations are a result of the frequencies held in the mid brain. We know that mind of god is flowing through us and in us and around us and it is flowing through the lower cerebellum and into the mid brain and it is being activated as entire prisms of frequencies weaving together into pictures that manifest in front of us. This magical transformation happens when the outer band of the infinite Source flips into the inner band of the fifteenth dimension, the Cosmic realm flips into the inner band of the Christic Sphere and the Outer realm of the Christic flips into the Fifth Sphere. We will become sixth dimensional man walking within the realms of the 12th dimensional Rishi or Christic selfhood. We become living, walking Christ's who carry the mind of God. All we need is a brain that can utilize the Highest Frequency of the Mind of God.

The outer band is the 14th band --helium arching into the white light suns KA HA of the 15th band and breathing the first spark of the idea into the Aqualene Sun - RA. We breathe until we ignite this new idea from the Plasma - the Crystal Ships of our creation- Our Cosmic Creators create the brand new idea through us into this density-- ALWAYS FROM the Mind of God- the Outer Band beyond the 15th sphere - the Infinite Unknown All Knowing, All Seeing , Infinite Omnipresent Mind of God.

We see ourselves sitting in the Buddha position inside the Blue Lotus Blossom in the 16th sphere. That is the Mind of God co creating the brand new idea. We use the principle of Oneness -- Theory of Relativity- All that is in any place is also right here and right now.

All that is manifest from the mind of God in the OUTER BAND must FLIP into the INNER BANDS. The Inner Bands carry the light and sound of the new reality. We exhale the new reality into this density- this hertzian reality from the invisible light into the visible light.

The chemical reaction of the Helium-- the heliotalic, pastel rainbow light frequency from the 14th sphere arches over into the Plasma--white light and Aqualene light blending through the rainbows of the Suns- Ka Ha Ra Sa Ta Hya La--- centered on RA - the Aqualene Sun of our

original creation. All ideas begin in the outer band of Source and manifest in the Inner Band of Ra and then instantly appear at all levels of density. We connect with all of the fifteen bands of light and sound in order to instantly manifest the idea that we have created. This is done by breathing into the Oneness of the Highest Frequency of the Mind of God.

I inhale that frequency as I imagine the infinite unknown possibilities that exist in the Mind of God. I ask to know and see and exhale this fabulous idea that has never been seen or known on Earth before. I hold that idea in my crystal heart - my Soul- the ganglia of cells that sit directly below the heart hold this holographic memory of all that is known in the Mind of God. I connect into the all knowing of my Soul and inhale into my FREQUENCY SPECIFIC MID BRAIN - Pineal Gland area. I'm connecting into the Oneness of the Frequency of the Mind of God and Inhaling this infinite Source of Creation into my personal Mind of God - my Mid Brain working together with my Soul - my Rishi Self- Christ Consciousness and my Rasha EirA - my Cosmic Light Consciousness. This self projects itself to me as a Blue Sphere. I see my image in this Blue Sphere. I see the blue violet sphere in my third eye or mid brain area with eyes closed and I see the blue sphere or blue violet sphere in front of me when I open my eyes. I can see a blue hologram of my self if I look in a mirror. It is that Blue Body self who holds the mind of God inside of me. When I have raised my frequencies high enough to cause the outer band to flip into the inner bands or spheres.

We must reconnect to the neuronet in the lower cerebellum where there are pathways connecting through frequencies into the mind of God in which we find knowingness. If we attempt to pave these pathways from the upper cerebellum we only connect to the dirt roads of the world that have dead ends and loop in circles. The upper cerebellum will never allow anything new to enter in. It is the world that must end.

The mortal mind- the upper cerebellum that just recycles information given to it from the world -- the man made world filled with lies that are filtered into our consciousness from sonic pulses in inter dimensional planes that carry brain washing technology of the fallen angelic races that is used to control our minds and fill them with the error that blocks us from the Mind of the One True Source.

This mortal mind must dissolve away as we become willing to bring in the highest frequencies of Source to transmute the world and all that is in it. The world must end. The world of beliefs and illusions are not the reality of Source. We have only been allowed to see the ideas placed within the veil that was created by fallen angelic races who need to use the human angelic energy for their own survival.

That is the world that will end on December 21, 2012. The veil that has been allowing the error to attach to our consciousness will be removed forever. The veil that is blocking the Christ Consciousness and Cosmic Consciousness to freely flow through us will be removed forever. The alignment of our Consciousness into the Mind of God will be restored forever.

In order for this grand event to take place, our Ancestors, our Guardians, our Starry Families at very high levels of Cosmic Consciousness have been working on this project of realignment for about five million years. They have had tiny chances of alignment every 26,000 years. Each time this possibility appeared, the fallen angelics have made a counter strategy to block the project's success. One of the main obstacles that needed to be removed was the lack of frequencies on the Earth. If the alignment had taken place before the frequencies were high enough on Earth, the Earth would implode.

The time period beginning in the year 2000 until 2012 offered the possibility of opening stargates on Earth if enough Indigo Children could be brought in to establish high enough frequencies. It has been the project of the Indigos and Crystal Children which has established enough frequencies on Earth. This together with the light workers who have learned the technology of breathing the frequencies of Source from the outer bands into the inner bands of the 15 spheres of this Matrix engage the 12th dimensional stream of our Divine Blue Print that allows us to engage our Divine Image and Likeness of God or our Blue Body of Christ consciousness.

What happens on December 21, 2012?

There will be enough frequencies on Earth aligned into the Divine Blue Print to allow the new picture of the Divine Man made in the image and likeness of God to become developed through the horizontal flow of light and the vertical flow of sound. This imaging of the Divine Blue Print will take place from the outer band of the 15th dimensional sphere flipping into the Helium of the 14th sphere. That Heliotalic frequency will create the Neutron within the human angelic cells that will cause new nano particle to create a new Omni particle that will create a new chemical of  $H_2OHE_3$  called Hydrolaise. Our atmosphere must become Hydrolaise as we exhale the new frequency of our new creation. As we transpose into the new hydrolaise, our structure of carbon will melt away and become replaced with the organic, eternal life chemical structure that is based on hydrolaise.

This hydrolaise is the gift of the Aquafarians. The water based substance that brings eternal life to water and all that is created from water. We will learn to breathe this water filled with helium. This hydrolaise will allow us to float in it or walk on it. It will remove the gravitational forces that bind us. Once we regain this substance, we will begin to partake in activities such as levitation, turning into light, walking through walls, instant manifestation, etc.

We have not been able to partake in this reality of the inorganic- non carbon based chemical structure in our past million lifetimes on Earth because our templates were distorted clear down at the original subatomic level when the EirA-- the breath of God because the spark of the new idea. The problem went all the way back to the Sun Ra. There were wars in heaven even at the highest Cosmic levels. That final war within the fallen Rays of that Akashic structure is being fought in 2012. Once the fallen Rays are transmuted back into Star Dust and the Sun of Ra is pure, our complete transformation of this entire 15 sphere Matrix of Illusions can be completely transformed.

The final war of Ra began in August 2011. The fallen Rays created a blockage of the Aquafarian Crystal Stream that was our Life Stream back to our original Consciousness. Our Cosmic Family in turn created a new more direct route of Consciousness directly through the third eye of attunement. At that time the Crystal Ships of our original Cosmic Selves were awakened within the Earth's Heart. Those 48 Crystal Ships rose through and around the Earth's atmosphere in May 2012 and became fully activated in September 2012. From that moment on, all negative energies, miasms, error, sonic pulses from the interdimensional realms of the dark ones became fully blocked from the Earth's atmosphere. If this final procedure had not taken place, fallen races from the entire galaxy would have been free to enter our cities at this time. These same Crystal Cosmic Ray Ships will be the Frequencies that hold the Earth in balance when the 55 Metatronic Spin is thrown at her on December 21, 2012. The divine plan is this: All Error that is sent forth toward Earth will rebound to its

sender in a power ten times stronger than it was sent forth. Only the power being returned will be purely Christic in nature and it will transform anything that is unlike it into the Frequencies that must either be accepted and allowed to transform and transmute all negative energy, or else become space dust and return directly to Source.

The most powerful Fallen or Dark Energies were activated and in turn the most powerful Light Energies were activated. We already know who is going to win. The Light always wins. It just took a really long time. Please remember that what was five million years in this density was only a few moments in the highest density. That time delay will be removed by 2013. The breath of Source will instantly manifest at all levels of density from this time forward. This is because we have begun the At One Ment cycle or the Atunement of all Frequencies as one. When we were Involving or moving away from Source, time was very long. When we are evolving or moving toward Source, we are back in the Reality of NO TIME and NO SPACE.

We were given many special gifts during the past 12 years that sped our evolution up by more than 5000 years. Each time the fallen races pulled out another threat of destruction, the starry angels pushed us forward another several hundred years toward our Divine Blue Print renewal date. All of the Cosmic Councils had already agreed that the human angelics of Earth had earned the divine right of evolution that would allow ascension into the fifth, sixth and seventh level man. The human angelics have collectively regained the frequencies needed to enter the second Harmonic Universe.

During the shift on December 21, 2012, the collective mass consciousness will become in alignment with the 12DNA Divine Blue Print. This divinity extends itself through all planes of our existence. We will learn that we are not just the 5DNA human in hertzian form. We are each, in reality the entire Merkaba within the sphere of 15 dimensions that is within the sphere of Source Consciousness. The Merkaba is constantly spinning at the speed of light into the speed of Oneness. We only need to go twelve inches around our body to be in our Christic Consciousness Light Body, 36 inches to be in our Cosmic Consciousness, and we can extend our Merkaba out to sixty foot radius to engage our entire God Self. That same self exists in the tiny subatomic nano element within every cell of our body. We are equally Cosmic and spiritual in nature from the tiniest within to the infinite outer band into infinity.

We are beginning a time of infinite knowing and understanding. I will not waste my time telling you about all of the lies you have been believing that come from every possible avenue of the world's networks. The lies that have come from the New Age movement have been the direct communications from the Fallen Angelics who have been planning on taking over this Earth for the past ten thousand years. The Bible and all of Christian teachings were also based on layers of distortions of the truth that became buried by the very Roman Government and Churches who wrote the Bible. However, the Starry Families made sure there was enough truth left in the Bible, that would allow those with high enough frequencies to be able to discover the truth within. My entire foundation for knowing all that I know came from these three truths that were written in the Bible.

### 1. BEFORE THE WORLD BEGAN -- The Promise of the Perfect Kingdom

We must return to the Reality and the Frequency that existed before the world began. The world must end before the perfect kingdom will be restored. We must enter a new time line where everything before, everything now and everything to come is in the 12 DNA Blue Print of the man made in the image and likeness of God.

## 2. IF YOU BELIEVE, YOU SHALL DO GREATER.

If you believe, (if you know, feel, and breathe through the frequency of Source) you can do greater things than have ever been done before -- was the teaching of Jesus the 12th level avatar.

## 3. Search for me in your heart You shall find me in your heart.

The Crystal Heart is the Soul that is a ganglia of cells that weights about 13 ounces and holds the entire mind of God- the Christ Consciousness of the 12DNA man made in the image and likeness of God. That is why the 12th level avatar Jesus directed us to find this light within us that would connect us into the mind of God where we have instant manifestation. We must now ignite the spark of Source within the Soul and expand that light into every cell of the body. We must inhale that light into our midbrain and expand into the oneness with our Rasha Body and Rasha midbrain that is 36 inches above our head. That place of connecting from the Cosmic plane into the outer band of Source is the place where we can FLIP the outer band of Source into our Consciousness and become the mind of God.

These were the truths that were given to me by the Elohim Angels and my Adonai family when I wrote the words to the songs on THE PROMISE CD album. Each time I placed the Bible in front of me, the pages would magically open and my eyes were directed to those three key passages. That happened in 1993 in Beppu, Japan.

During that same week, the entire music of the spheres blew through the wind and the crystal heliotalic atmosphere into my husbands consciousness. As I was given the words, he was given the music. Every note and every word of this music and all of our music came directly from our Rishi families and Rasha families from 12th dimensional consciousness and higher. When we asked directly to know our names, my husband was told he was Adonai and was told I was Crystalai.

When an original spark is ignited as an idea within the Ekasha Flame or the white light of the first two suns and then it is divided into two parts - the Adonai and the Eieyani. These are two families of consciousness. The Adonai is the Music or Sound and the Eieyani is Light. When the light and sound returns together the Cosmic Flame is reignited into a new sound or a new symphony.

Crystalai is the name that I was given. Crystalai is the 8th tone- the final tone of the wind song. When the eight breaths are used correctly, the original subatomic cell from the Ekasha flame that was first divided and separated--(which is the correct normal procedure of creation) , is reformed from 8 spheres transforming the third dimensional atom back into the etheric perfect subatomic cell. That cell contains the complete divine blue print, the complete mind of God. Crystalai is the last breath that contains the frequency that reforms the perfect first cell of our creation. That breath will affect every cell in the Cosmos.

I had an entire league of Angels appear before me to instruct me in bringing the highest frequencies to Earth through Music. This means bringing the frequency of Source into my crystal heart and then in to my mid brain and then to exhale the music of the spheres into God's movie.

Mary and Raphael appeared to me first and then three Knights kneeled before me and handed me three spheres of crystal liquid light, crystal dust and crystal gel. These are the elements

that create the rebirth of the crystal cells within every angelic human. These are the keys of creation. This is the harmony that will restore our universe into universal harmony.

I was given this understanding through knowingness -- through the frequency specific mid brain of knowing. It was a very vague concept that I chose to believe was true and that I would find a way to understand eventually. I followed the instructions of the Knights and the Elohim Elohei Angels. I connected my Consciousness in to Source to flip that outer band into this matrix. The Angels connected my mid brain through my right eardrum into the Source field through the Elohim of Hearing. I placed the three spheres in my hands and then in my crystal heart. I breathed the eight breaths to fill the spheres with the wind song from the Source Field. I inhaled the breaths into my crystal heart and held the same frequencies within the spheres that lay in the palms of my hands. The sphere in my hands turned into a microphone. When I exhaled from my midbrain while holding the spheres in all three locations and connected to the Elohim of Hearing, I then started exhaling tones in the God Language. These phrases started flowing out of my breath and I recorded them on a tape recorder. I listened to these glorious shimmering frequencies and felt how they made every cell in my body sparkle. It was the most glorious, harmonious, flowing, godlike, delicate fabric of reality that could be imagined.

I made many recordings of these music of the sphere experiences and made them available to the world. Since the upper cerebellum personality world mind always understands things through its own background knowledge of experience, most of my listeners completely misunderstood what I was sharing with the world. They just thought I was trying to sell them another new age gimmick. First of all, I don't subscribe to any new age beliefs. I never read or listened to any of the former new age teachings ever in my life. My understanding came directly from my Elohim, Adonai families and later from Aquafarian families and Sirius B and Oraphim Dolphin families.

The angels told me that I would record music and then write about it, record and write, record and write. They told me that I would continue to do this until my ascension in 2012. By this time I was to have a complete understanding, a complete Cosmic Mystery School of the Omniverse completed, and classes ready to begin teaching the Music of the Spheres. I have three months left to complete my project. What you are reading today is my Dissertation -- my final Doctoral Statement of all of my understanding gained since the first time the angels appeared to me. The school will follow.

The reason that I have come to this place in my understanding is because the music has allowed my frequency specific mid brain to be my knowing of my God mind. My mortal mind- the upper cerebellum has been turned off completely. This is what must happen before the NEW REALITY can begin to appear. The experiences of wonder and imagination and far beyond imagination begin to take place when the mortal mind is turned off - when the world ends.
